

General Terms and Conditions

1. APPLICABILITY: These general terms and conditions (the “*Terms*”) are an integral part of all commercial or technical proposals, quotations, orders and agreements (each, an “*Order*”) by Vapor Power (“*Vapor*”) for the sale of goods and/or services (the “*Work*”) to the buyer identified in the Order (the “*Customer*”) and, together with Vapor (the “*Parties*”). By signing or executing an offer, quotation or sales order, placing an Order or receiving Work from Vapor, Customer agrees that these Terms supersede any prior written or oral agreement and any terms and conditions contained in Customer’s request for quote, purchase order, invoice, order acknowledgment, change order or similar document and the Order is subject to the Vapor Terms only. To the extent that there is a conflict between these Terms and a valid signed master agreement between the Parties, the specific conflicting terms of such master agreement shall prevail. To the extent that there is a conflict between these Terms and another set of Vapor terms and conditions issued to the Customer as part of an Order, the specific conflicting terms of the Order shall prevail. Any other variation from these Terms shall require the signed consent of an authorized Vapor representative.

2. QUOTATIONS AND ORDERS: Quotations are valid for a period of 30 days or as otherwise specified in the quotation and are only applicable to the specific Order.

3. PRICING: All prices are exclusive of any federal, provincial, local, sales, use, value added, excise or similar taxes, tariffs or the like imposed on the sale or use of the Work, which will be added to invoices and paid by Customer to Vapor to be remitted to the appropriate authority. If any of Vapor’s costs relating to the Work increase prior to delivery, including but not limited to prices of materials or wages, Vapor shall have the right to increase its prices to reflect those cost increases up to a maximum of 10%. Minimum amount to be charged for each Order is \$500.00 USD.

4. QUANTITY: Vapor reserves the right to ship 95% to 105% of the quantity identified in the Order. Vapor reserves the right to ship within plus 10% of required flexible or bulk cable unless specific lengths are requested by Customer and quoted by Vapor in the Order.

5. WARRANTY: Vapor warrants that the Work will comply with the specifications of the applicable Order and will be free from defects in materials and workmanship until the earlier of: (i) 12 months from the date of installation, or (ii) 18 months from the date of delivery (the “*Warranty Period*”). In the event the Work is defective and Vapor is notified of such defect in writing by the Customer within the Warranty Period, then at Vapor’s sole discretion and without further liability therefore, Vapor shall either: (i) repair or replace such defective Work with Work that complies with the applicable specifications, or (ii) refund to Customer any amount paid to Vapor for such defective Work. The Customer may purchase different or extended additional warranties from Vapor. The warranties provided herein shall not apply in the event of defects which are due to the following: (a)

installation, inspection, testing, operation or maintenance that is improper or non-compliant with Vapor’s guidelines and instructions; (b) attachments, modifications, repairs, removals or replacements performed without Vapor’s prior written approval; (c) any use for purposes other than that for which they were designed; (d) unusual mechanical, physical or electrical stress, or normal wear and tear; or (e) latent or hidden defects arising or discovered after expiration of the agreed Warranty Period. Vapor further warrants that the Work will be free from liens or other encumbrances. THE FOREGOING WARRANTIES ARE GIVEN IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, IN FACT OR BY LAW, OR ARISING BY REASON OF CUSTOM OR USAGE IN THE TRADE OR BY COURSE OF DEALING, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND ALL SUCH OTHER WARRANTIES ARE HEREBY DISCLAIMED.

6. PAYMENT: Customer shall pay all undisputed amounts of an invoice within 30 calendar days of the invoice date, failing which Customer shall be automatically in default. Interest on late payments shall accrue at the rate of 2% per month, unless prohibited by applicable law. If Customer disputes any invoice or any part thereof, it may withhold payment of the disputed amount, but shall notify Vapor within 10 calendar days of receipt of the invoice in writing the grounds for non-payment. The Parties will use their best efforts to resolve any outstanding disputes before the due date of the original invoice. If Customer fails to pay invoices when due, Vapor may (i) require payment in advance; (ii) revoke any discounts; and/or (iii) immediately suspend its performance of Work, or terminate any Order, without liability. Customer will pay all of Vapor’s reasonable and documented costs, including attorney’s fees and court costs, incurred in connection with the collection of past due amounts.

7. SHIPPING AND TRANSFER OF TITLE: The Work will be shipped in Vapor’s standard packaging FCA Vapor’s manufacturing facility (the “*Delivery Location*”) (as per the most recent Incoterms). Customer will be the importer of record and responsible for all costs, charges, tariffs, taxes or the like relating to the shipment of the Work. The delivery location will be the location of manufacture, not the one designated in the PO. Customer may request and pay for additional packaging costs associated with special requirements and international shipments. Vapor will confirm delivery dates following receipt of the Order. All delivery dates are estimated dates and are given subject to changes and circumstances beyond Vapor’s control, including but not limited to subcontractors or suppliers failing to meet their delivery obligations. Title to the Work shall transfer to Customer FCA Vapor’s manufacturing facility, unless otherwise agreed upon in writing by the parties. Vapor may, without a notice of default and without the need for any court order, cancel any Order and claim any Work that has been delivered but not

STORAGE: Work which is ready for shipment at facility of Vapor or one or more of its Affiliates as identified in the Order but has not been retrieved by Customer will be kept in storage for a maximum of 30 calendar days, or for a longer period as agreed in writing. If such storage continues for more than 30 calendar days, Customer will pay a storage fee equal to 0.5% of the value of the Work per week of storage, up to a maximum of 10%. In the event of such storage, title and risk of ownership shall pass to Customer when the Work is ready for delivery, and shipping terms shall be modified to Ex Works Vapor's facility. **10. CHANGES TO ORDERS:** Customer warrants that the data, calculations, sizing, specifications and/or other design information provided to Vapor is complete and accurate. Customer is responsible for all costs resulting from changes necessitated after Customer has returned signed approved drawings to Vapor. Customer's signed approval and acceptance of required drawings is required prior to Vapor's commencement of procurement and manufacturing. Any additional changes to an Order requested by Customer may be accepted or rejected by Vapor at its sole discretion and shall only be binding if agreed to in writing signed by both Parties. Vapor shall not charge for any changes to an Order requested by Customer if not confirmed in writing by the Customer.

All returned Work must be in an "as new" condition and in original packaging. For custom manufactured Work, Vapor is entitled to a reimbursement of costs incurred up to the date of cancellation, which shall include costs of labor and materials (without a profit markup on Work completed, thus forfeiting profit on both the Work completed and the work remaining that is cancelled).
